

Series UPX-EI, Mobile panels for indoor use

Event Indoor

Panels for stages, trade shows and events. Hung with one hand, built straight, curved or at 90°.

Pixel pitch
1.5 to 3.9 mm

Brightness
up to 1500 nit

Event Indoor is made for fast set-up and take-down. The panels come in 500 × 500 and 500 × 1000 mm, and both can be mixed in one wall.

The power supply sits in a central box that can be swapped with one push.

One-handed. Well-designed locks. One technician can fit a panel alone.

Shapes. Curved, offset at 90° or butted straight at 90°. Triple locking keeps straight walls flat.

Hanging or standing. The same brackets for hanging and stacking.

Edge protection. Optional edge protection or sealing against knocks during set-up.

	P1.5	P1.9	P2.6	P2.9	P3.9
